**Card Reader**

**Wireless Transfer**

**Power Bank**

> **Data transfer between devices and SD card/USB drive/ Portable HDD**

● The AE400 adopts Samba/WebDAV server/Http streaming protocol to provide data transfer and sharing, providing devices (iOS/Android/ Windows/OS X/Linux) with wireless access to a SD Card, USB Flash Drive, or Portable HDD.

● Supports up to 15 hours continuous stream for one user.

● Supports simultaneous streaming of 1080p video for up to 3 users or 720p video for up to 5 users.

> **Power Bank**

● Built-in high capacity battery: 5000 mAh

● Supports fast charging for iPhone/iPad

> **Easy to operate wireless hotspot**

The AE400 can connect to existing wireless networks and create an internet bridge connection. Through this hot spot, up to 10 other devices can connect to the internet through the AE400.

> **Free Application Download**

For iPad, iPad mini, iPod Touch and iPhone users. Requires iOS 5.0 or later versions. This application is also suitable to Android 2.3 and later versions' devices.

**DashDriveAir Elite**

**Available on the iPhone App Store**

**Google play**

> **Stylish Housing**

The surface of the AE400 gleams with a modern, hexagonal lattice design.

> **Cable transfer mode**

The AE400 can also act as a standard card reader via micro USB cable connected to a computer.
