# DESIGN

The NZXT Source series was created to offer all of the essentials with a focus on affordability and simplicity. With the Source 530, NZXT proves once again that high performance doesn't have to mean a high price tag.

**With a sleek mesh design, the Source 530 offers unprecedented airflow and liquid cooling capabilities at its price point.**

Complete with 360mm radiator support on top, 240mm radiator support in front, and fully modular, interchangeable hard drive cages, the Source 530 is a budget-restricted enthusiast's dream come true.

# FEATURES

**The Source 530 is filtered using three full coverage removable filters, keeping your components clean.**

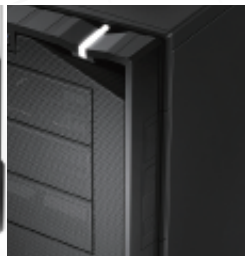

NZXT's filters, made of durable ABS plastic, provide full coverage filtration for the system, giving complete filtration to the Source 530 that is unprecedented at this price point.
